*Until we meet again mum,
We will watch you rise up in the sun.
With every fish we see swim by,
We will know it's just you saying hi.
When we have a beer or wine,
We will think about all our time
Spent laughing at your silly ways
And this will help us through our days.*

*We will hold your grandkids ever so tight
As they will miss their nanny every night,
But Don't worry about dad, he is here
And yes he is Still drinking all the beer.
As a family we will stand strong together
We won't let you down no not ever.*

*We will picture your face and perfect smile
And hope that your image will stay awhile
In our minds we think of you
And wish that this day would of never come true.
And as the sun goes down at night
We will say love and miss you mum sleep tight.*
